

PRESERVE THE PUBLIC RECORD

Servers can be seized. History should not be.

SAVE

Historically valuable public pages, public media, A/I histories, legal documents and technical writing.

RECORD

Original URL · title · public author or collective · publication date · retrieval date · checksum when practical.

RESPECT

Privacy · authorship · copyright · context · removal requests · the safety of people named in public material.

DO NOT

Access private accounts · bypass security · expose personal information · assume research archiving equals public mirroring.

LEGAL DISTINCTION

ARCHIVE THE HISTORY BEFORE PROVIDERS PANIC.
